## Annual Return on the Charter (ARC) 2023-2024

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Access to housing and support" section.

Indicator 23 - Homelessness.

We received 20 homeless referrals during the reporting, however 23 offers were made to applicants during the reporting year. This was due to 1 applicant receiving two offers and 2 other referrals receiving offers outwith the reporting year. As a result of the way the portal has been set up it would not allow us to show 23 offers but only 20.

Indicator 17 - Last year we should have report 660 properties at 17.1 instead of 664, this was an error on our part not picked up by our external verification. The 664 included the leased properties. This year we are reporting 661 as one leased property is now back in the main letting pool for self contained properties.

## Annual Return on the Charter (ARC) 2023-2024

Comments for any notable improvements or deterioration in performance regarding the figures supplied in the "Getting good value from rents and service charges" section.

Indicator 28 - The increase compared to 2022/23 is due to a number of refunds/cancelled charges processed in 2022/23 which pulled down the average in the year.

Indicator C7 - The amount written off has increased significantly for 23/24 compared to 2022/23 as previously we had issues with staff resources and we were concentrating on dealing with current tenant arrears. During 23/24 staffing resources increased and this allowed for work to be done on dealing with former tenant arrears.
